

# Voxer Business For Retail

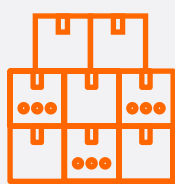

## WHY VOXER

Voice is 3X faster than text

Earpiece integrations allow for handsfree communication

Listen and respond to messages on your smart device or while on your desktop browser

## VOXER USE CASES

Avoid lost messages when in the stock or fitting rooms - as all messages are saved and stored and can be listened to at any time

Holiday sales can undoubtedly cause chaos - reduce disasters with emergency alerts

Ensure accountability and increase productivity with all of your employees with read receipts

Avoid miscommunication, missed messages, and delayed replies that can negatively impact your customer's experience

Work with teams in different times zones and work schedules - relay live voice whether the messages are heard instantly or saved to listen to later. Even if your team is "off duty" - know that they will receive the memo

Be positive that your team is on task - send photos, videos, and text alongside of audio

Voxer Business & Enterprise

## For Better Business Communication

Turn your mobile device into a walkie talkie

Moderate team conversations, manage user access and assign multiple admins for up to 500 users
